The INSTALL SUB subwoofer series were designed to be an universally useable solution for installations seeking for a discrete but compact and effective subwoofer. Its bass reflex design is engineered to be as compact as possible while giving the maximum performance in terms of sound quality and bass response to any a PA installation.

The series compromises 3 models, IB 8 with a 8" (15in VC), the IB12 with a 12" (295in VC) and IB15 with a 15" (4in VC) all equipped with rubber surround EU transducers to provide excellent power density in compact enclosures.
