SCHOEPS STA 1420 L3UG

The STA 1420 L3Ug is an elegant floor stand of fixed height, with a flexible gooseneck element that can be bent horizontally and/or vertically. Its invisible internal cabling makes it ideal for placement on stage, e.g. for shows and award ceremonies.

OPIS

- microphone stand for CCM-L Compact Microphones
- internal wiring
- ideal for award presentations

The top part of the STA 1420 L3Ug consists of a 420 mm (16.5”) long, 8 mm (0.3”) diameter tube with attached Lemo connector for the CCM, plus the flexible gooseneck element. Supporting this is a vertical tube of 1000 mm (39.4”) length and 12 mm (0.5”) diameter. The permanently attached XLR cable exits near the bottom of the vertical tube.

Length	420 mm + 1000 mm
Diameter	8 / 12 mm
Thread	3/8"
Length of the cable	3m
Output	XLR-3M
