

# VCA8

Pure Resonance Audio VCA8 Vector Ceiling Speaker Array 120W 8 Ohm

## DESCRIPTION:

Providing the highest level of performance while remaining cost-effective, the Pure Resonance Audio® VCA8 Vector ceiling speaker array meets the demanding needs of a variety of applications including classrooms, conference rooms, house of worship, retail stores, restaurants and more. The VCA8 speaker's pyramid design fits into standard 2'x2' or 2'x4' in-ceiling tile grids, providing a flawless 360 degrees of hemispherical sound with remarkable speech intelligibility. This speaker is an affordable solution that is quick and easy to install, making it an excellent value for your commercial audio sound system. Employing three 6.5" powerful aluminum woofer drivers working in unison, the VCA8 2'x2' ceiling speaker produces a clean and dynamic sound that will add exceptional value to your sound system.

## FEATURES:

- 360° x 180° hemispherical omnidirectional coverage
- Infinite-baffle in-ceiling speaker drops into standard ceiling tile openings
- Powerful – 120W at 8 Ohms
- 3 - 6.5" full range aluminum woofer drivers
- Uniquely designed fire retardant ABS housing may be painted to match any décor
