I8

The Installation series speakers is the right choice to anyone that wants to install loudspeakers into a wall or into a ceiling matching the high quality sound requirements for modern indoor spaces. Extremely compact, accurate and good looking the 2-way speakers can also be complemented with a number of MOOSE subwoofer systems. This I8 incorporates high quality EU transducer combined with an extremely high sensitivity and lower distortion Kapton 1" driver for outstanding detail and clarity in high frequencies without harshness.
